

AGREEMENT ON THE TRANSFER OF THE GRAMEX RIGHTS HELD BY THE PRODUCER OF A PHONOGRAM

I Background to the Agreement

This agreement stipulates how the Gramex rights to each individual phonogram held by the producer of a phonogram are transferred to the transferee.

Definitions

a) Producer of a Phonogram

In compliance with Article 4 in the Gramex disbursement rule the producer of a phonogram is the natural or legal person on whose initiative and responsibility the sound of a performance, another sound or the symbols representing a sound is/are fixed for the first time.

b) Gramex Rights

The Gramex rights, whose transfer this agreement stipulates, refer to the rights in compliance with the Finnish Copyright Act that are held by the producer of a phonogram and which the producer of a phonogram on becoming a Gramex client transfers to Gramex to attend to solely in Finland and abroad as defined in the client agreement, in other words:

1) The right to remuneration for indirect and direct public performance of phonograms.

2) The right to remuneration for radio and TV broadcasting of phonograms as well as other communication to the public except when communication is commissioned and requested.

3) The right to make phonograms available to the public in such a way that members of the public may access them in a place and at a time individually chosen by them as well as reproduction for such uses as far as the use of phonograms is connected with such mass use of recordings that is comparable to forms of use licensed through collective administration. This transfer does not apply to rights transferred by means of a collective labour agreement.

4) The right to reproduce phonograms on audio or video tapes, audio or video discs or on any other equipment which is used for public performance or communication to the public.

5) The right to private copying remuneration and other similar payments in accordance with the Finnish Copyright Act.
