

FEE SCHEDULE – AV PRODUCTION (OTHER THAN TV)

Gramex grants licenses for the use of recorded music in AV material (other than TV) in Finland. Such AV material includes, for example, videos that are made or commissioned by a company, educational institution or recreational organization, and that are performed to an audience present either publicly or at an internal event.

These licenses do not encompass use in social media, YouTube, intranet or other internet environments. Licenses for recordings used in AV material in these environments, as well as for advertisement and marketing purposes, must be acquired directly from the rightsholders of the recording.

Form of use	Price (EUR per second)
<p>Business use</p> <p>Videos that are made or commissioned by a company or association and that are performed to an audience present either publicly or at an internal event of the company or association.</p> <ul style="list-style-type: none"> - Not for advertisement or marketing purposes - Not for use in social media, YouTube, intranet or other internet environments 	<p>EUR 1.46 per second (VAT 0%) EUR 1.83 per second (VAT 25.5%)</p>
<p>Educational use</p> <p>Videos that are made or commissioned by an educational institution for non-commercial use and that are performed to an audience present either publicly or at an internal event of the educational institution.</p> <ul style="list-style-type: none"> - Not for advertisement or marketing purposes - Not for use in social media, YouTube, intranet or other internet environments 	<p>EUR 0.73 per second (VAT 0%) EUR 0.92 per second (VAT 25.5%)</p>
